DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1, 2, and 7-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It is not clear what is meant by a "first switch" and a "second switch. As best understood, only a single switch has been shown and described, that switch having first and second sets of terminals for connect/disconnect to open/close a circuit. It is not clear if limitation is contrary and exclusive to limitation of claims 4 and 5 for example. If prosecution is Continued, it is suggested that the claim terminology be amended to correspond with that of the written description or the written description be amended. In either case, no new matter should be entered.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

Art Unit: 3676

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-6 are rejected under 35 U.S.C. 102(b) as being anticipated by U.S. Pat. No. 5,670,762 to Futamura.

Futamura '762 teaches Applicant's claim limitations including : a "housing" – including 3,4, a "movable member" – including 5,6, an "urging member" – 7, a "switch having a first switch" – 11 as shown I Fig 2, a "second switch" – 8,9.

As regards claim 3, up and down directions as shown in Fig 2 (oriented with its text) read on recitations of "front" and "back".

5. Claims 1-3, 7, 10, and 11 are rejected under 35 U.S.C. 102(b) as being anticipated by U.S. Pat. No. 3,582,592 to Schadow.

Schadow '592 teaches Applicant's claim limitations including : a "housing" – including 1, a "movable member" – including 4,5, an "urging member" – 8, a "switch having a first switch" – 6, a "second switch" – 3.

As regards claim 3, up and down directions as shown in Fig 2 read on recitations of "front" and "back".

Allowable Subject Matter

6. Claims 9 and 10 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Response to Arguments

7. Applicant's arguments have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
